The new centre would have accessible consulting rooms, a day centre, more GP rooms and a range of clinics. The Minor Injuries Unit would be open Monday to Friday. There would be ultrasound but no x-ray facilities. The Centre will be seeking more volunteer drivers.

The League of Friends have been generous in their support of the Memorial Gardens which are at final design stage.

With regards to crime, Cowden and Hever crime statistics are down. These can be viewed on the Kent Police website. Please do report any crimes or concerns by calling 101 or report it via the website.

They collect data and submit it to Government for policy review, such as a call for regulating buy now pay later schemes and PPI.

Recent months have seen a significant increase in people asking them for support.

How can you help? Citizens Advice are always looking for new volunteers for anything from advising, helping with admin or research & campaigning as well as fundraising. They also run a 200 Club to raise funds and gives participants the opportunity to win a prize.

8. Questions were invited from members of the public present and any matters reported:

- 8.1. For Joanna Brown – Kent Community Trust

Q1 – Is there parking at the new Centre as people will need to drive?

A – Yes, 101 spaces

Q2 – As there is space for more Doctors, where are they coming from?

A – Unable to answer as not on the clinical team

Q3 – Why is the Minor Injury Unit only open 5 days rather than 7?

A – This is due to staffing (the GP’s only work 5 days) and also there is no large demand. Data on attendees from hospital visits elsewhere is gathered and shows there are not many attendees from the local area at weekends. The data will be monitored for any changes in need.

Q4 – Are there going to be more call handlers to answer larger volume of calls as currently a long time is spent waiting in a queue.

A – Unable to answer this as the GP’s manage this area.

Q5 – Why is it not possible to get Covid vaccines at the medical centre?

A – Unable to answer as not on the clinical team. Someone added you could get a vaccine at Sevenoaks pharmacy.

## 8.2 For Councillor James Barnett – Sevenoaks District Council

Q6 – What is your remit?

A – Planning, licencing, bin collections. Please do feel free to approach me with any queries.

Q7 – Potholes. They are causing great issues, for example How Green Lane. What is being done about them?

A – Roads are not District Council responsibility, however, we have reported the issue. Cllr Barnett encouraged everyone report any potholes via the on-line reporting facility.

Q8 – The pothole App isn’t recognised by SDC. The potholes on How Green Lane were reported in December and took nearly 6 months to repair. The repair has now been done but one is appearing again already. The public are very concerned over the poor quality of repairs and the need for repeat repairs.

A – Cllr McArthur confirmed that was being worked on. Cllr Barnett added that if two potholes were near each other then both needed reporting or wouldn’t be repaired. Using location specifics such as What3Words was helpful.

## 8.3 – For Councillor Margot McArthur – Kent County Council

Q9 – Why is there no maintenance of drains? It isn’t being done, despite reporting, and causes flooding, for example in Five Fields Lane.

A – It is down to lack of budget. Only reactive issues are being dealt with, not maintenance. If someone has been out to review the problem and it is no better then let Cllr McArthur know.

Q10 – Frequent temporary traffic lights are set up, often weekly, for example on Mill Hill/ Hartfield Road by companies such as BT. Why is this?

A – These are Permitted Works. Utility companies have the right to do works. KCC has no say over the frequency of them or when they can happen.

## 8.4 – For Kevin Savill - Police Community Safety Unit

Q11 - Are the Police moving into Edenbridge Fire Station?

A: No they are not.

Cllr Wade pointed out there was a noise nuisance reporting app that is available. More details to follow.

8.20 pm meeting closed. Chair informed everyone was welcome to stay for refreshments and to chat to the guest speakers and Councillors.
